A brief About IMCTF

Modernity, superficially identified with just western dress, language or manners, is a much deeper phenomenon known as modern Western anthropological model. It celebrates absolute individualism. Starting with promoting unbridled individualism, it glorifies personal rights and undermines one's moral duties, substitutes natural human relations by legal and contractual ones, erodes respect for parents, elders and teachers and finally devaluing family, social and spiritual values too. It atomises the society and alienates the individual from family and more so the Society.

To counter this degeneration, the IMCT has devised innovative training modules — known as Samskarams in our idiom — that gives intellectual and moral protection to the young boys and girls against the socio-cultural viruses and build in them the resistance to handle modernity and firms up their indwelling bond with our heritage, family, and society and nation and ultimately regenerate ecology and economy.

IMCT's Initiative imparts six universally important Values [Themes] – Conserving Forest and Protecting Wildlife, Preserving Ecology, Sustaining Environment, Inculcating Human and Family Values, Fostering Women's Honour and Instilling Patriotism. This value building initiative has been welcomed and adopted spontaneously by many schools.

Rediscovering and defining with innovative research the Indian Civilization in contemporary terms reveals the profundity of the IMCTF. It was started for promoting respect and reverence towards all beings (life forms) and nature in the young minds. It's Concept is based on the Isavasaya Upanishad's saying:

Isavasyam idamsarvam, yat kinchit Jagatyam Jagat|

Tenat yaktena bhunjita, ma kayasvid dhanam||

Meaning as translated by Mahathma Gandhiji “Everything down to the tiniest atom is the manifestation of the divine”.

“Value Building is Nation Building” is the Motto of IMCTF.

To comprehend the Indian Philosophy through six themes:-

The first three of them mentioned in the table given below, define human relations with nature, and the next three deals with human relations with fellow beings.

Isavasaya Upanishad links human with humans; humans with nature and explains that humans can exist only if others exist, like forest and wildlife; all plant and animal kingdoms; environment; Family, Elders and Teachers; Women and finally Our Nation.

The Six Themes of IMCT Samskarams (Training) & Symbols are explained in the table here ;
